SAUDI BUILD
The 31st International Trade Exhibition for Construction Materials, Building & Environmental Technology
Displaying innovative infrastructure capabilities, inspiring advancements in the building arena and featuring state-of-the-art technologies in the field of materials science, Saudi Build 2019 is the premium trade exhibition highlighting the future of construction in the Kingdom.
Concurrently held with Saudi Stone Tech, Saudi Build PMV Series, Interior Design and Saudi Technology
Saudi Stone Tech
The 22nd International Stone & Stone Technology Exhibition

Showcasing premium global brands from the natural stone sector, Saudi Stone Tech offers an unmatched opportunity to witness a broad range of products and cutting-edge technology that is driving this segment ahead.
Saudi Build PMV Series
The 10th International Exhibition for Construction Equipment, Plant, Machinery and Vehicles

Complementing the Middle East’s construction boom, Saudi Build PMV Series is a one-stop trade fair for construction professionals featuring advancements in concrete & cement equipment, construction vehicles, batching equipment and mining machinery.
Saudi Interior Design
The International Trade Exhibition For Interiors, Fit-Outs & Furnishings.

With a goal of bringing home and commercial spaces to life, Saudi Interior Design provides visitors and exhibitors with a chance to discover the latest trends in home decorative accessories, lifestyle products, furniture and many more.
Saudi Building Technology & Automation 2019
The International Technology & Automation Trade exhibition.

Saudi Building Technology serves as a platform to facilitate the Kingdom’s transition into an era of digitalization. Hosting top-rated tech companies and start-ups under one roof, the exhibition presents latest developments in IoT, Machine Learning, AI and 3D Printing, that are expected to shape the future.
Exhibition Profile

Building Success for Prosperous Relationships.

Transitioning into its 31st year, Saudi Build 2019 is a one-of-a-kind construction trade extravaganza which proudly brings thousands of local and international businessmen, exporters, manufacturers, industry specialist, importers and decision-makers under a single platform to explore the phenomenal opportunities which the nation’s largest sector has to offer.

Mission Statement

To emerge as the most noteworthy trade exhibition for local and international exhibitors and visitors that are seeking to capitalize on the tremendous growth being experienced by the Middle East’s construction sector.

Vision Statement

To relentlessly serve the construction and infrastructure market of the Middle East by showcasing technologies and innovations which can lead the sector towards unparalleled development while creating major investment opportunities through the establishment of mutually beneficial partnerships.

Sector Overview

Reimagining the Future of Building.

Numbers/Facts and Figures

The Kingdom’s construction sector has witnessed a revitalization following the announcement of Vision 2030 and is currently on the way to realize its true growth potential. A surge of optimism was witnessed across the nation’s construction sector in 2018 as infrastructure spending rose to SAR 54 billion compared to SAR 52 billion in the previous year. The Kingdom currently has projects holding a value of 2505 billion in the pipeline which is indicative of the tremendous growth potential which this sector holds.

Sector Importance

In accordance with the blueprint presented under Saudi Vision 2030, the Kingdom aspires to serve as a powerhouse logistical hub connecting the three continents of Asia, Europe and Africa. To meet this objective, the Government has already approved tremendous investment in the construction of ports, railways, airports and roads to enhance the Kingdom’s interconnectivity and facilitate the flow of raw materials, capital and human resources. As the Kingdom strives to achieve further economic integration with GCC countries, the building and construction sector is expected to play a pivotal role in completing this process.
Possessing more than three decades of continuous success, Saudi Build has secured the title of being the largest and most significant construction show in the Kingdom which is highly respected by industry gurus. As the only construction trade show in the country which is certified by The Global Association of Exhibition Industry (UFI), the event guarantees the fulfilment of visitors’ and exhibitors’ goals by complying with high quality standards and surpassing expectations.
List of Exhibits

Saudi Building Technology & Automation 2019
- 3D Printing
- Automation
- Robotics
- IoT
- Data Analytics
- Machine Learning
- Big Data
- Virtual Reality
- Smart Buildings
- Digitalization.

Interior Design
- Furniture
- Ornaments
- Handicrafts
- Mosaic
- Wall Coverings and Wallpaper
- Rooms
- Restaurant Design
- Décor
- Home and Lifestyle
- Ceramics

Consultancy Services
- Engineering
- Design Services

Construction techniques
- Construction Systems & Technologies
- Security & Safety Systems
- Water & Heat Insulation

Construction material
- Aggregate
- Building Materials
- Concrete Products & Precast Structures
- Gypsum Products
- Masonry-Bricks, Block work, Cement
- Nuts, Bolts, Screws & Hinges
- Plants (Batching, Cement, etc.)
